Name Date
Task: What task is your circuit doing?
Components: What components will you be using? How many of each?
Interactions: How do each of these components interact?

Storyboard: What does the full sequence look like?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
Mechanisms: Do you need any mechanisms? What do they look like? What are they made of?
